Partner with Chinook Horses

We are an invaluable resource in helping to break the cycle of trauma, abuse and addiction in our community.

We invite you to help provide inclusive access for individuals and families to engage and learn outside traditional therapeutic and classroom environments, to instill resiliency, and to heal from trauma by practicing equine-facilitated activities and psychotherapy, regardless of their ability to pay.

Why Support Chinook Horses?

- In Yellowstone County 1 in 4 youth made plans to attempt suicide (MT DPHHS 2024).
- Montana has the 2nd highest rate of children in state care with 26% residing in Yellowstone County.
- Equine Assisted Therapy provides healing for those who haven't responded well to traditional therapeutic or classroom environments.
- Chinook Horses partners with the Billings Public Schools to provide its most vulnerable students Equine Assisted Learning to develop emotional self-regulation and leadership skills.

Our signature fundraising event, Kentucky Derby Day, May 1, 2027 provides the critical funding that keeps these programs accessible throughout the year.

Please join us in being part of the solution to make Billings a healthier community.
